“Lake Champlain’s ‘Fort Blunder’ and ‘Fort Montgomery’ - A Closer Look”

James Millard

The ruins of old Fort Montgomery have fascinated local residents and travelers crossing the Rouses Point, New York/Alburgh, Vermont bridge for generations. Long a feature of North Country legend, it has for an equally long time been difficult to sort the truth from the myth about the ruins known to locals as “Fort Blunder.” Our speaker, having received unprecedented access to the deteriorating ruins for his research, will discuss many of the misconceptions about this mysterious structure and will share dozens of vintage photographs, plans, and maps and provide a visual tour as it stands today.

All lectures will be on Wednesdays at 11 a.m. and will be held at the St. Albans Historical Museum, third floor, corner of Church and Bishop Streets in St. Albans. The site is handicap accessible with parking behind the museum.
